Subject: EHSD COVID-19 Data Snapshot

---

As you may have seen in *Headlines*, EHSD's Policy and Planning team compiled a wealth of data that exemplifies the many ways the department and its partners support our community.

The [Contra Costa County Social Service Impact & Response to the COVID-19 Data Dashboard](#) illustrates an array of programs and services we have in place, and some that we further expanded, to help Contra Costa residents meet critical needs during the pandemic. It reflects efforts that include benefit programs, equitable economic recovery, food and nutrition, family violence prevention, and children's well-being.

You can proudly peruse this report, which Kathy Gallagher shared this week with our County partners. It touches upon the work of every EHSD bureau, showing how our department truly makes a difference. You are each an important part of EHSD supporting our community members every day.
