From: Kathy Gallagher

Subject: COVID Testing Services Available

Contra Costa Health Services (CCHS) is recommending that everyone who lives or works in the County go for a COVID-19 test, especially our essential workers. You can make an appointment via online scheduling or by contacting the CCHS Call Center.

How to make an appointment:

- Get Tested website: <https://www.coronavirus.cchealth.org/get-tested>
- Call Center 1(844) 421-0804 (8 a.m. to 3:30 p.m., 7 days a week)

I encourage all of you, as EHSD essential workers, to get tested. If you do, please report the results to your supervisors and to Personnel. The more people who are tested, the more our health professionals can learn about the spread of the virus. A high rate of negative tests may also help move the County toward a broader reopening.

Visit the above website to schedule online, or call for an appointment. The Richmond site also has drop-in availability with no appointment required.

You can share the attached CCHS fliers with customers, family and friends.
