Subject: Mail Broadcast - COVID-19 vaccination appointments for County employees aged 65 and over

This Broadcast Message is from the County Administrator, Monica Nino.

COVID-19 vaccination appointments can be made for County employees aged 65 and over.

Employees who are County residents aged 65 and over may now request an appointment to receive a vaccination. It is not possible to get an appointment right now by calling. Employees can self-certify on Health Services' website at: <https://www.coronavirus.cchealth.org/vaccine>. After doing so, they will receive a link to schedule an appointment depending on current capacity. Employees who live in another county and whose eligibility is based on age must obtain their vaccination from their County of residence.

The following link is provided to keep our employees up-to-date on resources that may be available to them: <https://www.contracosta.ca.gov/7989/COVID-Employee-Leave>
