

## Coming soon! Multi-Factor Authentication

Keep the bad guys out

Over the next few weeks, EHSD will roll out a new feature **Multi-Factor Authentication (MFA)** that will make it easier to add more security to your user account. This means that we add an extra verification step to make sure that you are who you say you are!

After you register, you will be able to add a safe and secure two-step verification method for your online credentials from a range of authentication options (such as text message, or mobile app notification) to access your applications.

Look for the next email to sign up for MFA!

Thanks,  
**EHSD IT department**
